Fort Lauderdale, MAY 2008

### **VEI Featured on Trinity 122' Sportfish**

Fort Lauderdale, FL - VEI is pleased to have its equipment on the new Trinity 122' Sportfish, the second largest sportfishing boat in the world. This supersize Trinity, Hull number T 044 features 12 VEI marine displays and a VEI SSIR Switching System at the helm and throughout the vessel. The four Marine Grade Computers running the navigation and networking system are also manufactured by VEI. Currently, the largest Sportfish boat is Marlena, a 126' Trinity delivered in 1998.

Kelly Hulse, President of VEI, "We are extremely honored to have been asked to supply this equipment for the new Trinity 122; and are very proud to be featured on this spectacular and unique vessel. VEI certainly appreciates the opportunity to partner with Trinity and provide the owner of this exceptional vessel with the finest electronics available in the marketplace."
